BAL BHAVAN

"Do good and good will come to you."

Welcome Day

After long summer vacation, coming back to school is always very excited for kids. It is very important that the kids feel comfortable in school. The toddlers started their day with morning prayers. After that they played games and watched movie.

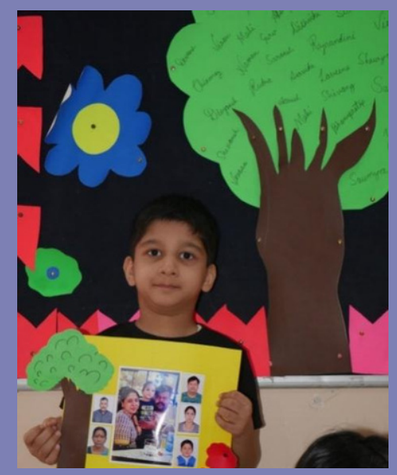
Family Tree

Children love to learn about the world they live in as well as the family they belong to. There is no greater gift you can give a child than to teach them about their family. An activity 'My Family Tree' was organized for Bal Bhavan kids to teach them about their family members. Kids made a tree and pasted their family members' photos. Through this activity, kids learned about the importance of family in one's life.



FAMILY

Green Color Day

Green is the most common color in the natural world. Think of nature and see green in all its glory expressing renewal and life. Green is said to have healing power and is understood to be the most relaxing and restful colour for human eyes. In order to make the students aware of how colour makes our world a better place, Green Color Day was celebrated in Bal Bhavan. To mark this day very special Classrooms and boards were decorated with g reen coloured objects, giving a graceful appeal to the environment. Little kids were dressed up in different shades of green. They also carried green coloured objects with them. Kids also participated in making green tree by finger printing. It was indeed a fun filled learning day for the little inquisitive minds of our school.

Cotton dabbing

Cotton Dabbing Activity was conducted in Gyan Vihar School for Bal Bhavan kids. The toddlers dipped cotton balls in color and dabbed them on paper to give impression of cotton in different images. When kids engaged themselves in this activity, they developed eye-hand co-ordination and fine motor skills. They also felt the texture of a cotton ball and realize the effort needed while dabbing them on a paper. Kids enjoyed doing the activity.

Summer Fruit Party

It is summer and that means it's the season of mango, peaches, melons, and berries. With this quote in mind, the pre-primary wing celebrated the "Summer Fruit Party". An opportunity was created where the kindergarten students learned about the taste, color, smell, and texture of each fruit. Our tiny geckos brought their favorite fruit from home and spoke a few lines about their favourite fruit. Kids were also sensitised towards the importance and consumption of fruits in a regular diet. Teachers demonstrated the process of making fruit salad. Kids thoroughly enjoyed the process of making fruit salad and ate it delightfully.

Sink and Float

Dropping objects in water and checking if they sink or float is almost magical for the toddlers. When our tiny GVians tried this “Sink and Float Activity”, the classroom was buzzing with joy, fun and excitement. Teachers asked students t o put different things in water one by one and observe which things float or sink. Through their observat ion teacher explained that buoyant objects float and dense objects sink. The activity enabled scientific thinking, such as cause and effect, comparison, observation and experimentation in a child at an early stage.

Guru Purnima

To pay reverence to the Supreme Creators and mentors, a special assembly was organized on Guru Purnima, wherein respected Principal Sir, along with teachers and students, paid his obeisance to the almighty. The little toddlers also wish their teachers on this special day.

Accolades

Success is the sum result of consistent efforts and striving towards excellence. We are pleased to announce that Gyan Vihar school has been rated as one of India's Best Schools, 2022-2023, by the Careers 360 website with an AAA score based on student academic performance, faculty quality and facilities. As a sign of appreciation, the school was given a certificate. Our principal Mr. Rakesh Upadhyay congratulated the entire team and added that this award is a recognition of and appreciation for the work done by the school administration, faculty, parents and students.
